

Technical Specification & Customization

Allocacoc Travel Plugs 4 in 1:

AllocacocTravel plugs (ReWirable) This kit contains 4 travel adapters. Compatible with PowerCube ReWirable, audioCube, PowerUSB ts multisockets feature offers you 4 sockets to charge all your travel gears at the same time. No bulky adapter blockage, thanks to its cubic shape design. The best part is that you can optimise its use by transforming it to a regular power strip with an IEC cable when you're not travelling. This set includes 4 travel plugs for the most traveled destinations worldwide.
